

THERE'S NO PLACE LIKE HOME

BY SECURE STRUCTURES, INC.

Kansas City, MO

Single-Family Custom Home

6,200 sq. ft.

This custom home showcases the latest technology in removable form construction—using every kind of forming application that Wall-Ties & Forms produces. The home includes poured steps, round dining room with arched windows, swimming pool and retaining wall, using radius forms. The upstairs theater room doubles as a safe room with the addition of two steel doors. Finishing touches include a colored concrete driveway, stamped concrete pool deck area and an aluminum spiral staircase.
